III. Departmental Parking

A. Departmental Permits (DP)

1. Departmental permits allow short-term parking for authorized personnel on official university business when departmental personnel need to use a lot that is outside of their permit zone. Use of a departmental permit to enhance an individual's parking is considered personal use and is strictly prohibited. If this type of use occurs, the individual permit holder will be subject to penalty and the departmental permit will be revoked.
2. Departmental permits are purchased by the department and it is the responsibility of the department to manage the appropriate use of these permits just as it would protect any other item purchased using departmental funds. It is best practice for the department to maintain these permits in an office and sign them out on an as needed basis. Departmental permits should not be issued to individuals.
3. The DP is only valid when used in conjunction with a regular UGA permit. Alternative Transportation Passes are not permits and cannot be used in conjunction with a DP permit. The DP is only valid in regular spaces that are available to a permit holder for that lot.
4. The DP is not valid in the following:
 - a) Lots N04 and N05
 - b) Fire lanes

 - d) State Vehicle spaces
 - e) Pay-by-space sections within E13 and E15
 - f) Designated Patient/Client spaces

A request for additional DPs must be addressed by written justification for business purpose by Dean/Department Head to be attached via Internal Notes in UGAmart for review by TPS Customer Relations Office.

B. Supporting University departments

1. Parking Services will work with departments with unique parking needs and, whenever possible, develop solutions to accommodate these needs. Situations requiring consultation with management should be done in advance to allow communication, planning and agreement among all parties.

C. State Vehicles

1. State Vehicle Gate (SVG) permits are valid for official University vehicles only and available at a yearly charge. These allow access to state vehicle spaces in all gated and non-gated lots.
2. State Vehicle parking spaces are reserved for use by state vehicles only and regular spaces should not be used for state vehicle parking.
3. State Vehicles should not park in ADA spaces, ADA access areas, or otherwise block accessibility on campus. Any state vehicle doing so will be subject to violations and/or impoundment (towing).

QR code can be used in the North Deck ONLY. A minimum of 10 uses/per order is required. Department is responsible for all usage costs.

A. Automobile Registration

1. All vehicles parked on the property of the University of Georgia must display a valid state license tag or visible vehicle identification number (VIN) or be subject to immobilization.

 - d) For individuals with more than one vehicle registered to the parking account, only one vehicle will be eligible as the permit holder for the given lot at a time. Should more than one vehicle be parked in the lot at the same time, citations will be issued and one or both vehicles may be subject to towing.

3. Motorcycles/Scooters must display valid permanent decals on the front or back fender for visibility.

VI. Permit Registration and Payment Policy

A. Students

1. Registration - Students will register during the spring and summer months for permits valid the following fall. No permit registration is required for summer sessions. Permits are also sold in the Parking Services office when available.
 - a) Space availability is extremely limited, especially during the academic year, and is not guaranteed. Other sustainable, alternative modes of transportation are encouraged.
 - b) The Priority System will determine assignments, and notifications will be made electronically. Assignments will continue to be made every couple of weeks as long as space is available.
 - c) Students must adhere to deadlines for and/or acknowledgement of assignment acceptance to avoid forfeiture of an awarded assignment.
2. Lot changes – Changes may be requested by registering on an online waitlist for a more preferred lot. If a new assignment is able to be awarded based on the Priority System factors, the old permit can be exchanged for the new one, which may result in additional fees or a refund.
3. Payments - All permit fees will be transferred to the Student Accounts division of the Bursar's Office in two payments (one in Fall and one in Spring).

B. Employees

1. Registration – With the exception of the groups listed below, all employee permits will automatically be renewed for the lot they are assigned in the spring of the previous academic year. It is always a good idea to update your parking information annually, but no action is required for employees wishing to remain in the same lot from one academic year to the next. Some exceptions apply as follows and those individuals should continue to register each spring:

- a) Retirees
 - b) Employees who do not qualify for payroll deduction
 - c) Employees who wish to change lots
2. Changing Lots - Changes may be requested throughout the year by registering online for a more preferred lot. A new assignment will be determined by the Priority System and may result in additional fees or a refund.
 3. Payroll Deductions - Permanent faculty and staff may choose to have permit fees payroll deducted. Current Internal Revenue Service regulations allow this deduction to be a pre-tax option of the employee. Changes in employment status may affect payroll deduction eligibility and it may be necessary to pay the balance on the permit to avoid cancellation.
 4. Leave without pay - Personnel leaving campus for an extended period of time should make arrangements to pay for the balance due on the permit to avoid cancellation. Failure to return or cancel a permit will result in a balance on your account. Employees on leave without pay are advised that if the permit is not continued for the duration of the year, they will be required to participate in the registration process for reassignment to that lot and will not be guaranteed a permit in the same lot.
 5. Terminated Faculty/Staff - Exiting employees are no longer eligible for a permit and must notify Parking Services they will no longer need their permit. A prorated refund may be issued. Failure to return the permit will result in additional charges to an account and may prohibit future permit purchases.

C. New Employees

1. New employees will be able to obtain a permit in a lot that has no wait list. If the new employee prefers another area, he/she may register and wait for an assignment in the lot requested.
2. If not eligible for payroll deductions, permits must be purchased in full. The first month must be paid at time of issue if the payroll option is available.

D. Retired Employees

1. Registration - Retirees are eligible for a permit at half price, except for reserved spaces and Ramsey Center permits. Retirees must register each spring for a

permit valid the following year and may only purchase calendar year (12 month) permits.

E. University Village Spouses

1. Spouses or Domestic Partners of students who are residents of University Village may obtain a permit in a housing lot by presenting a verification form from the Housing office. Every effort will be made to accommodate the spouse/partner in the requested lot; however; in the event there is no space available, a reasonable assignment will be made.

F. Affiliates

1. Affiliates are persons who work on campus, but are not paid through the University of Georgia.
2. All Affiliates will need to attain a UGA ID to register for parking.
Affiliates must complete the online registration to request a permit. Assignments will be based on employment and availability. Affiliates must adhere to deadlines for payment and/or acknowledgement of assignment acceptance to avoid forfeiture of an awarded assignment. Permits must be paid in full at the time of purchase.

G. Visitors

1. Visitors should park in one of the pay facilities located throughout campus during permit enforcement hours.

Visitor locations can be found [here](#).
 - c) If the assigned permit area does not meet the needs of the customer or multiple access is necessary, a written appeal may be submitted outlining reasonable accommodation needs to Parking Services and should address the following questions:

- Which lot(s) does the individual need access to?

XI. Contractor and Construction Parking and Permits

A. Accommodating Construction Projects

1. The University of Georgia is a continually growing institution. Renovations on older buildings and new constructions are a familiar part of the landscape. Parking Services will work with contractors to make accessing work sites possible, but limitations may exist depending on the area of campus and remote parking options may be the only available solution.

B. Construction Zone Parking

1. Representatives of companies involved in construction or similar renovation projects on campus are required to have a valid Contractor permit. Contractors are encouraged to contact Parking Services regarding parking and permits prior to submitting bids on projects. Contractors are responsible to inform workers, and subcontractors of parking requirements.

C. Contractor Permits

1. When space is available, permits may be sold to specific lots to contractors for a limited time and are prorated throughout the year, on a monthly basis.
2. When parking is necessary in multiple areas on campus a Contractor permit is required. Permits will be assigned on a space available basis. Contractors must purchase a Contractor permit at a rate of \$720 per year which allows contractors access to all lots on campus. This rate has a monthly proration throughout the year.
3. Contractors may also make arrangements to park vehicles in remote lots and shuttle their employees to the job site.

XII. Vendor Permits

A. Vendors

Vendors are representatives of companies that maintain goods and services to fulfill contractual obligations. Vendors may purchase a Vendor permit with Parking Services management approval. The current cost is \$720 for 12 months. Permits may be returned for a prorated monthly refund at the Parking Services office.
